ABOUT CONCLAVE

A One Day National Conclave on ‘**Make in India: Possibilities & Challenges in Mining Industry**’ is being organized by iCEM as a pre-summit event of the 8th Vibrant Gujarat Summit-2017, on October 7, 2016 at GMDC Auditorium, Ahmedabad (Gujarat). The conclave aims at in-depth deliberation on the ambitious ‘Make in India’ program launched by Government of India. Various areas and issues in Small Scale, Medium Scale and Large Scale mining operations need a thorough discussion vis-à-vis the ‘Make in India’ program for its success in the Indian Mining Industry, in foreseeable future. The program is proposed to be organized by way of conducting 12 Keynote addresses by eminent speakers from industry, academia, research, regulatory bodies, equipment and explosive manufacturers. The proceedings of the conclave will be published as hard copy (with ISBN number). It is presumed that the conclave will be very useful for practicing mining engineers, researchers, scientists and academia. It is honestly requested to attend the conclave, derive the benefits and make it a memorable event.
